

Real ID Driver's License and Identification Card Identification Requirements

Minnesota Driver and Vehicle Services issues REAL ID compliant cards in accordance with the federal REAL ID Act of 2005. This is an optional program. If you plan to fly within the United States, visit a military base, or another federal building, a REAL ID compliant card (or other acceptable form of identification, such as a passport) will be required beginning October 1, 2020.

The REAL ID Act establishes minimum standards for proof of identity and requires applicants to meet these standards when applying for a compliant card. Proof of identity, Social Security number, and Minnesota residence address must be presented at the time the first application for a REAL ID compliant card is made, even if you have previously submitted such documents when applying for a Minnesota Driver's License or Identification Card. Original documents are required. Photocopies, scans, and faxes will not be accepted.

You may renew your current Minnesota Driver's License or Identification Card without presenting any additional documentation. If you opt not to apply for a REAL ID compliant card, the card you receive will be marked as not for federal purposes. You may only have one REAL ID compliant card, regular card, or enhanced card. You cannot have more than one Minnesota Driver's License or Identification Card.

IMPORTANT Notes Regarding Identification Documents:

- **VALID Minnesota PHOTO driver's license, permit, or ID:** Is not expired, suspended, revoked, or canceled, and not disqualified for the class of vehicle being operated. Minn. Stat. § 171.01, sub. 49a.
