Resolutions/Contracts

1. Resolution of support for AMC Transportation Funding
LYON COUNTY RESOLUTION NO. 11-13

Whereas Minnesota Counties have had to rely increasingly on the property tax to maintain roads and bridges; and

Whereas the annual funding gap for counties has resulted in deferring basic maintenance, delaying expansion projects with resulting safety concerns, mounting congestion, and missed economic growth for businesses and commuters; and

Whereas the rural road networks in the state should be adequate to bring goods to market; and

Whereas transportation-related jobs put over \$2.8 billion in the pockets of Minnesotans and generated almost \$195 million in income tax revenue in 2011; and

Whereas according to the Federal Highway Administration, (FHWA) every \$1 billion invested in highway construction would support approximately 27,800 jobs; and

Whereas the overall transportation and transit needs for Minnesota exceed \$2.5 billion dollars per year for the next twenty years; and

Whereas transportation funding comes primarily from user fees and are constitutionally dedicated to transportation purposes; and

Whereas the wheelage fee and local option sales tax for transportation should be options for all county boards to implement to meet their specific county needs; and

Whereas a comprehensive transportation solution should include funding for roads, bridges and transit, and address the varying needs in different parts of the state;

Now therefore be it resolved that the Lyon County Board of Commissioners encourages the Minnesota Legislature to pass and the Governor to sign a bill that brings adequate funding to Minnesota's statewide transportation system.

Approved this 2nd day of April, 2013

Goodenow moved to approve the Resolution to Support Funding for AMC Transportation, seconded by Stensrud. All voted in favor. Motion carried. (*Resolution # 11-13 on file in County Administrator's Office*)

Master Contract with MNDOT/County

3. Resolution to enter into contract with MNDOT

LYON COUNTY BOARD RESOLUTION NO: 12-13

LYON COUNTY BOARD OF COMMISSIONERS
APPROVED MINUTES
April 2, 2013

Whereas, the Minnesota Department of Transportation wishes to cooperate closely with local units of government to coordinate the delivery of transportation services and maximize the efficient delivery of such services at all levels of government; and

Whereas, MnDOT and local governments are authorized by Minnesota Statutes Section 471.59, 174.02, and 161.20, to undertake collaborative efforts for the design, construction, maintenance and operation of state and local roads; and

Whereas, the parties wish to be able to respond quickly and efficiently to such opportunities for collaboration, and have determined that having the ability to write "work orders" against a master contract would provide the greatest speed and flexibility in responding to identified needs.

Therefore, be it resolved:

1. That the County of Lyon enter into a Master Partnership Contract with the Minnesota Department of Transportation, a copy of which was before the County Board.
2. That the proper County officers are authorized to execute such contract, and any amendments thereto.
3. That the County Engineer/Public Works Director is authorized to negotiate work order contracts pursuant to the Master Contract, which work order contracts may provide for payment to or from MnDOT, and that the County Engineer/Public Works Director may execute such work order contracts on behalf of the County of Lyon without further approval by this Board.

Approved this 2nd day of April, 2013.

Ritter moved to approve resolution to enter into master contract with MNDOT, seconded by Sanow. All voted in favor, motion carried. (*Resolution # 12-13 on file in County Administrator's Office*)

Hammer-CD 60B Branch 8

Board Action Requested: Consider and discuss tile repair on CD 60B.

May authorize D & G to continue the tile repair project. 500 feet of 12 inch tile and 1500 feet of 10 inch.

Background: November of 2012 about 2000 feet of 12 inch tile was replaced on this branch. Landowner is still concerned that more tile should be replaced because of silt in the county tile.

Discussion: How did the tile get full of silt as to not function efficiently?

Farming practices-no tile intakes covers, farming right over the intakes or could just be old county tile. By replacing the tile it may not fully take care of his tile problem. The tile may not be big enough.

Discussion – **Goodenow:** has someone from S&W discussed this with the landowner? **Hammer:** the landowner is on notice that the farming practices need to be improved. **Ritter:** if the farming practices aren't adequate, then why should all the people on the ditch pay for this? There needs to be something in writing that he needs to maintain the area around the intakes. **Sanow:** why should this be fixed if the landowner isn't following good practice? **Hammer:** the landowner is asking for a repair. **Goodenow:** Does repair mean fixing the intakes if they have been knocked off? Or, if it is just that the intakes are not working, who pays for this?

Maes: I don't know if the specific drainage law will pertain to this. However, an agreement should be drawn up and have this be the farmer's responsibility to pay for repairs as a result of poor farming practices. **Stensrud:** this is flat land; the ditch needs to be redone. **Hammer:** I agree. The ditch is ½ full of silt. **Stensrud/Anderson:** have the intakes fixed at the landowner's expense. **Hammer:** this is not a large tile, about 2,000 feet; it will cost approximately \$13,000 to repair. **Ritter:** Can we repair the intakes and have the landowner pay for this, and monitor the tile in the future?

Sanow motioned to fix the intake tiles on CD 60B at the ditch expense and monitor drainage. If intakes appear to be damaged by poor farming practices then bill back to the landowner. If intakes appear to be a result of old age, then landowner will not be responsible for repair of intakes, seconded by Goodenow. All voted in favor, motion carried. **Hammer:** It is less than \$1,000 to repair intakes.

Appoint Board members for action on JD4 meeting 4-2-13 at 1:00pm

Discussion of shared Ditches between Lyon and Yellow Medicine County with the percentage that each county would pay towards the total bill. Board members need to be appointed to each ditch system. The past policy has been the county with the largest percentage of the benefits will have the majority of the members on that system. We have three ditches to discuss: There are two petitions for impoundments on JD 12, to reappoint JD10 to replace Commissioner Fenske, and a pending improvement on JD3.

JD 6 Fairview Redetermination

Request Auditor to make damages payments on 4.94 acres to affected landowners estimated at \$9,000 per acre.

Ritter motioned to authorize damage payments of approximately \$9,000 per acre to the landowners of the one rod grass strip, approximately 4.94 acres to JD 6, seconded by Stensrud. All voted in favor, motion carried.

Ritter motioned to authorize Ditch Inspector to request seeding quotes to seed the one rod grass strip approximately 4.94 acres on JD 6, seconded by Stensrud. All voted in favor, motion carried.

Stomberg, Kanwar, Biren discussion on SWCD-Lyon County Organizational Chart

Discussion on the transfer of SWCD and P&Z activities from the Public Works Division to General Government.

Suhail Kanwar: I do not recall a discussion regarding Soil and Water reporting to Administration. I am not opposed to this; I am just saying that this was not communicated to me. **Anderson:** this language change came out of the Joint

Committee with two Commissioners, two S&W members and the Administrator. **Stensrud:** I do remember a good discussion on this. **Goodenow:** One part of the confusion is that we tended to talk about S&W a lot, and P&Z was sort of an add on as to where it was going to go. There was discussion that P&Z would be separate from Public Works, and S&W was always separate. **Stensrud:** The change occurred when the county moved to incorporate S&W, and it would report to the County Administrator. **Suhail:** I do have five work areas currently open at the PW building, so there is room for S&W staff. **Biren:** When the negotiations were going on the county wanted S&W district out at the PW Building. The organizational chart presented is missing the S&W Board. S&W Board was firm that S&W and RCS staff were to be together with FSA. When this was laid on the table, it was realized that PW was too small. Now with the combined staff we have approximately five, plus the partner organizations. The County Board has requested a space study. This should be talked about. **Goodenow:** I'd like to see the organizational chart changed adding Soil and Water Board, Planning and Zoning and Ditches. The Board discussed regarding where to place ditch department. **Stensrud:** I think we should put this off until study is complete and see how to put this together. **Biren:** the organizational structure needs to reflect the citizens of Lyon County and all different organizations that play into the many land programs. **Suhail:** I would like see planning involved with ditch repairs, such as 5-year ditch plan. **Anderson:** ditches are property owner driven and we cannot plan who will request a ditch improvement or repair. **Suhail:** can we identify ditches that are in need of repair? **Anderson:** that would be every ditch in Lyon County. **Sanow:** I'd like to put this off after space study, and also look at all of the entities that are affected by this. I would like more information on this so I can make an informed decision. **Stomberg:** The architect should have a report on the space study within the next several weeks. **Sanow:** I'd like to put this off to the first part of May. **Biren:** Ditches are under P&Z right now. Todd is the point person for ditches. We are doing a better job of getting all the entities involved in the ditch process. The document in front of us was the result of a lot of planning just last year and already many changes have already occurred. **Anderson:** In summary, the Board follows to the current agreement, P&Z will sign off with the County Administrator, and the Board will wait for space study. PW, S&W, and Planning and Zoning will work together to bring the history of these changes forward. Todd will stay with P&Z, and the document will be looked at as changes are agreed upon. Also, the organizational chart needs changes. **Ritter:** This discussion need to be held with Soil and Water Board as well. I think Todd should be with S&W. Is there room for Ditches in the S&W department? **Biren:** There is office space and this can be looked into further.

Stomberg-2013 Budgeted Appropriations

Approval of the following 2013 budgeted appropriations:

| | |
|------------------------------------|-----------|
| Memorial Day Appropriations----- | \$2,000 |
| Historical Society Qrts 1 & 2----- | \$14,050 |
| SW Arts & Humanities ----- | \$2,000 |
| Public Health Qrts 1 & 2----- | \$110,000 |
| RCRCA----- | \$15,840 |
| Area II----- | \$20,341 |
| Small Business Devolp. ----- | \$10,000 |
| MACC Transportation----- | \$12,000 |
| Southern MN Tourism Assn----- | \$0 |

Stomberg: The first six of these have been built into the budget. We have not funded the Southern MN Tourism Association in the past. **Anderson:** MACC Transportation did not submit budget request, and I would like to see some documentation and how expenditures are used. I'd like to see \$5,000 out of EDA and \$5,000 out of the Road and Bridge. Board discussion on county transportation needs. **Suhail:** this committee is focusing on the entire county. **Sanow:** the committee is promoting safety and looking at putting in passing lanes. **Suhail:** the committee will report to the board when their presentation booklet is complete.

Goodenow motioned to approve the first six items listed on the appropriations list, seconded by Sanow. All voted in favor. Motion carried.

Anderson motioned to approve allotment of \$10,000 to MACC transportation with funding of 5,000 from EDA and \$5,000 from Road and Bridge. All voted in favor, motion carried.

Ritter motioned to fund the Small Business Development at just the original \$10,000 allocated in the 2013 budget, seconded by Sanow. All voted in favor, motion carried.

Anderson: I feel we do not need to give money for Southern MN Tourism Association. We are spending \$36,000 with EDA and it is working well. **Goodenow:** can we turn this over to our EDA Director for input on this? Anderson moved to leave Southern MN Tourism Association at \$0, seconded by Stensrud. All voted in favor, motion carried.

SPCC Sponsor Letter

Consider approval to sponsor SPCC for membership in MCIT. MCIT requires a joint powers entity to be sponsored by a current member governmental unit in order to obtain membership and insurance coverage under the Trust. A letter of sponsorship is requested by Southern Prairie Community Care.

Dear Mr. Severson,

The Board of Commissioners of Lyon County, a member county of MCIT, offers this letter as their sponsorship of Southern Prairie Community Care for membership in MCIT.

Sincerely, Richard Anderson, Board Chair

Goodenow motioned to authorize chair to sign a letter of sponsor ship to Southern Prairie Community Care with MCIT, seconded by Ritter. All voted in favor, motion carried.

Modular Housing Company, Cottonwood Abatement Request-David Hoefler

Consider a tax abatement request for a modular home business relocating to the City of Cottonwood.

Year one would employ 40 employees, 76 year two, 129 year three, 181 year four, and 239 year five. Average wage line worker just above \$34,000 annual wage and includes \$700 towards health insurance. Dave Hoefler has shopped five states and came down to three; South Dakota, Iowa, MN. This SW MN corner gives a 600 radius to Williston, ND. The benefit of this building product is it can supply a lower end product for the Williston market. The product is very strong and weather proof. Building turn-around time is six weeks.

Champine: the abatement on the building is (barring any changes) based upon currently value is \$2000 to \$2,500 a year for the next three years.

Anderson: we will lose \$6,000-\$7,500 to the county, can we levy this back over the entire county? **Champine:** yes.

Stomberg: this won't change taxes for 2013, this request is for 2014, 2015, and 2016. **Sanow:** we looking at tax payable 2014, 2015, 2016, can we adjust the budgets within the county accordingly? We can adjust budget to less rather than levy back to taxpayers. **Anderson:** I can see benefits to the county with increased employment. **Stensrud:** I am concerned about other employers.

Sanow motioned to accept the three year abatement for Advanced Technology Housing, seconded by Stensrud.

Stomberg: I would ask the board to agree this agreement will be formalized at the next Board meeting pending legal investigation. **Sanow:** I amend the motion pending approval of County Attorney, seconded by Stensrud. **Champine:** this building is under tax court petition currently. **Ritter:** based on its value? **Champine:** yes. **Hoefler:** I will be putting in 1.5M in the first five months. **Ritter:** what if you walk away after a year, is the abatement still ongoing? **Champine:** the abatement is for the property owner. **Sanow:** can we agree to this abatement is for owner only? **Anderson:** the county could use the economic development.

All voted in favor, motion carried.

Assistant County Attorney Hire

On March 13th and 14th, interviews were conducted for the Assistant County Attorney position. The interview committee requests Board approval to hire Abby Wikelius to the full time Assistant County Attorney position for Lyon County. The starting annual salary is \$48,529.38 with a start date on or about April 15, 2013. Abby graduated in May of 2011 from the University of Iowa and currently works as a law clerk for Judge Dietrich.

Goodenow motioned to hire Abby Wikelius as Assistant County Attorney with starting salary \$48,529.38, seconded by Ritter. All voted in favor, motion carried.

LEC Staffing Request

Request Board approval to move Aaron Thibert from part-time Dispatch, to a hybrid full-time position encompassing dispatch and correctional officer duties. Hourly pay remains the same at entry level \$14.59 for pay grade 5.

Stensrud motioned to move Aaron Thibert from part time Dispatch to full-time position with Dispatch and Correctional Officer duties, seconded by Goodenow. All voted in favor, motion carried.

Request to advertise full-time eligibility list for a Correctional Officer and also use this list to hire part time dispatch as needed. Discussion held on March 28th with Sheriff Mather and Brad Marks regarding LEC staffing needs. Upcoming retirements and military leave necessitate backfilling positions to reduce overtime costs.

Goodenow motioned to advertise full time eligibility list for Correctional Office and use this list to hire part-time Dispatch as needed, seconded by Anderson. All voted in favor, motion carried.

Parks Manager Position

Goodenow motioned to approve the position description for the Parks Manager, seconded by Sanow. All voted in favor, motion carried.

Anderson: I recommend that this posting is open to the public.

Anderson motioned to authorize to advertise, interview and hire the Parks Manager position, seconded by Goodenow. All voted in favor, motion carried.

11:00--VSO Terry Wing-Veterans Community Outreach Grants

Approve funding for two Veterans Community Outreach Grants in amounts of \$1,500.00 to the Lyon County Historical Society for the Veterans Honor Wall project and \$1,000.00 to Prairie Home Hospice for the We Honor Veterans initiative. Funding for County outreach grants to partner agencies is requested for two local agencies working to improve delivery of services to Veterans and to acknowledge the service of Veterans past and present.

The Lyon County Historical Society requests a County matching funds grant in the amount of \$1,500.00 to create the Veterans Honor Wall in Lyon County. The project is currently underway and will serve to acknowledge the service of Lyon County Veterans. The Honor Wall will offer interactive displays for public viewing.

Anderson: I am wondering about the process these requests are coming in. I want discussion regarding how/when these grants come to the Board. **Sanow:** are you asking these grants should come before the board as budget requests when the budget is finalized? **Wing:** these requests are conducted at a formal meeting. Perhaps the county would want to create a formal Veterans committee? **Anderson:** perhaps have a Veteran's Committee with Board presence.

Stensrud motioned to approve the \$1,500 outreach matching grant to the Historical Society, seconded by Sanow. All voted in favor, motion carried.
