FOR IMMEDIATE RELEASE

SPRING LOAD RESTRICTIONS

March 11, 2015

Lyon County is announcing that truck spring load restrictions will be starting on Wednesday, March 11, 2015 at 12:01 a.m. for all Lyon County Highways.

The Minnesota Department of Transportation has announced the starting date of spring load restrictions in the SOUTH FROST ZONES starting on Wednesday, March 11, 2015 at 12:01 a.m.

In general, spring load restrictions on local roads (county, city and township roads) follow the same dates as the State Trunk Highways, however, any local road can be restricted at any time during the year so long as the restricted load limit is posted. This depends on the condition of the roads. The local road authority can keep spring restrictions on longer if they deem them necessary.

The Lyon County 2015 Spring Load Restriction map can be viewed at the Lyon County website at www.lyonco.org.

Please contact the Lyon County Highway Department at (507) 532-8205 for further information.
