

Car Seat Recycling

Small Effort: Recycle your old or expired car seats – any make or model!

BIG IMPACT

- 1. Child safety:** Protects children by keeping old and expired car seats off the roads (plastic and straps can wear and be less effective).
- 2. Employment:** Employs local adults with disABILITIES who take great pride in their work.
- 3. Sustainability:** Protects our land by recycling materials instead of putting plastic, metal and fabric in our county landfill.
