Re: Amendment No. 1 to Engineer's Repair Report  
Repair of County Ditch No. 14  
Lyon County, Minnesota  
BMI Project No.: S15.116176

Dear Aurora:

The intent of this letter is to amend the Engineer's Repair Report for the proposed Repair of County Ditch No. 14 in Lyon County.

#### **Report Clarification**

This project involves the Repair of County Ditch No. 14, and is not an improvement. There were several clerical errors in the report that used the word "improvement" when the word "repair" should have been used. These include, but are not limited to:

- Sheet G0.01 in Exhibit 1: Preliminary Plans and Profiles
- The two pages of the Engineer's Repair Estimate in Exhibit 2: Preliminary Cost Estimate
- The title page of the Technical Specifications in Exhibit 3: Technical Specifications
- The two pages of Right-of-Way Tables in Exhibit 4: Right-of-Way Table
- The one page of Right-of-Way Table in Exhibit 5: Flowage Easement

Again, in all these cases or any other cases in the report the word "repair" shall replace the word "improvement".

With this amendment, the project is still practicable, feasible, and necessary. Additional copies of this amendment should be distributed to the Board Members for their review along with the Engineer's Repair Report as submitted earlier. Please note no other sections were changed in amending the Report.

Sincerely,

**Bolton & Menk, Inc.**

**Shaun P. Luker, P.E.**
